JOB OBJECTIVE:

Ancien sportif de haut niveau, I began computer science my last year of high school, what I really liked in computer science is the fact of finding solutions to problems and build things that can be useful to people.
I'm actualy looking for an internship in which I could apply the skills I have acquired during my 2 years of DUT
Je veux aussi trouver un stage dans lequel j'aprendrais de nouvelles choses

EDUCATION:

- 2022 | DUT Informatique
(2 preparatory year to a high computer science engineer school)
University of Savoy / IUT Annecy – Annecy-le-Vieux, France

- 2020 | French Baccalaureate S SVT (High School diploma in Sciences) with high honors, in high level sports section in Alpine Skiing
Renée Dayve Mont-Blanc secondary school – Passy, France

WORK EXPERIENCES:

Mentored projet for Annecy's CAF (Club Alpin Français : Skiing and outdoor activities federation)
May 2021 to March 2022 (10 month) | Annecy, France

Web development (team work - 4 people)
Mission:
    Adding equipment rental management tool for the Annecy 's CAF on an existing website.
Tasks performed:
    UML modeling (Use Case, class diagram, etc.),
    Backend development
Tools: Flask, Python, SQLAlchemy

Architecture internship in Gettliffe Architecture:
January 2020 (1 month) | Boulder, Colorado, US

Introduction to the world of architecture and sensitization to project management (development of specifications, analysis of client needs, etc.)

COMPÉTENCES:

MISCELLANEOUS

Sports :
    Alpine Skiing (Skiing in Chamonix Mont-Blanc ski club from 2006 to 2018. Up to international competition (FIS))
    Paragliding (Since I was 16 years old, I practice paragliding whenever I have the time. I really enjoy doing long flights in cross country flying.
Musique :
    Piano, self-taught learning for 2 years
